

## AP TEST PREP SCHEDULE

Chapters refer to the Princeton Review AP Test prep book 2018 edition

<b>Week of...</b>	<b>Have these chapters done</b>	<b>Topics</b>
December 17, 2018	1-2	all about the AP chem test
December 31, 2018		
January 7, 2019	3	Moles, periodic table, charges, periodic trends, etc.
January 14, 2019		
January 21, 2019	4	Bonding, intermolecular forces, Lewis diagrams, Gas Laws, etc.
January 28, 2019		
February 4, 2019	5	Chemical equations, enthalpy, electrochemistry
February 11, 2019		
February 18, 2019	6	Reaction rates, catalysts, beer's law, reaction mechanisms
February 25, 2019		
March 4, 2019	7	Thermodynamics
March 11, 2019		
March 18, 2019	BREAK	Memorize ions and solubility rules
March 25, 2019	8	Equilibrium, acids and bases
April 1, 2019		
April 8, 2019	9	Laboratory Overview
April 15, 2019		
April 22, 2019		Practice Exam 1
April 29, 2019		Practice Exam 2
May 9, 2019	TEST DAY!!!!	

Students should have the above chapters completed by the dates above. It's important to pace yourself, so be sure to keep on schedule.

Note -- taking the AP chem test will NOT weight your College Chemistry grade.
